

“Please Help Us Help Them”

**The Corona Companion
Animal Rescue Effort strives
to:**

- 🐾 Assist in placing animals in loving homes through our assistance program
- 🐾 Enhance the care for homeless and unwanted animals at the Corona Animal Shelter
- 🐾 Reduce pet overpopulation with low cost spay/neuter assistance
- 🐾 Assist with veterinary care expenses during emergency situations for members of the community
- 🐾 Promote respect and compassion for all creatures through community education

The **Corona Companion Animal Rescue Effort – CCARE** is a non-profit organization dedicated to aiding lost and abandoned pets, while promoting responsible pet ownership, pet population control through proactive spay/neutering assistance, and assisting in the proper treatment and care of animals through educational programs.

Off Site Adoptions

Our off site adoption program managed by CCARE volunteers and Animal Shelter employees helps adopt and promote shelter services through the local Petsmart stores and local community events.

Pet Food/Care Items “Community Donations”

Our shelter provides a supply of pet food to pet owners on a limited income who otherwise would be unable to keep or feed their companion animals. The shelter works diligently to secure food donations so that we can continue this vital service in the community.

Pet Therapy

Our volunteers visit nursing homes and long term care facilities in Corona with their animals. The animals provide physical and emotional therapy for the residents of the various facilities.

Micro-Chipping of Animals

The Corona Animal Shelter offers to microchip animals to provide a permanent identification to protect the animal from being lost or stolen. The Corona Animal Shelter offers microchipping services to any pet owner at a significantly reduced fee. CCARE also donates microchips to assist in the microchipping of senior citizen’s pets.

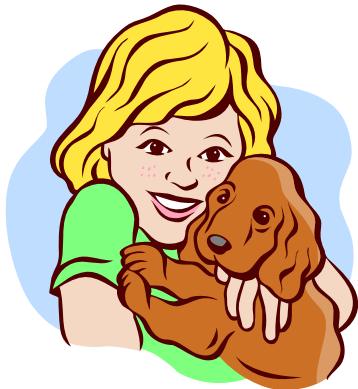

Santa Paws

In conjunction with local businesses, the shelter participates in the “Santa Paws” Promotion. Animal Control Officers dress as “Santa Paws” and have pictures taken with local pets and their owners with “Santa Paws.” \$5.00 from every photo package purchased was donated to the Corona Companion Animal Rescue Effort.

The **Corona Companion Animal Rescue Effort – CCARE** is a non-profit 501 C3 Corporation. All donations made to CCARE are tax deductible to the extent permitted by law, with a significant amount of funding earmarked for the building of a new animal shelter in the City of Corona.

The Corona Companion Animal Rescue Effort has been involved in:

- 🐾 Pet Parade at Corona Public Library
- 🐾 Paw Spa “Dawg washing” fundraising event
- 🐾 Assisted in donating food to the low income pet owners through the Corona Settlement House as well as multiple donations to Southern California Animal Rescue Organizations and local Animal Control Agencies
- 🐾 Providing humane and public safety educational materials for elementary school aged children throughout our community

Your donation can make the difference!!!

Become a Friend of CCARE
